Know Yourself and Adapt Your Style

Workshop Overview

Participants in this workshop will be exposed to various work styles by using the DiSC assessment. In-depth analysis is provided to fully explore personal styles. Through activities and group discussion, participants will learn how to adapt their style to most effectively work in teams and/or manage direct reports.

The goals of the workshop are to:

- Understand your personal style
- Understand how different styles impact team interactions
- Learn how to adapt your style in order to work effectively with others

Surround Strategy

To ensure the workshop has lasting impact on job performance, we have designed our signature surround strategy as follows:

Pre-work

- All participants must complete the DiSC assessment prior to the workshop.

In Class

- The workshop is very interactive, with practice activities for each section and skill. Personal Aha Moment and Commitment cards will be used throughout the workshop, and a final Commitment to Action Plan will be created at the end of class.

Post Workshop

- Each participant will have made action commitments to identify at least one behavior he or she will attempt to improve. Each participant will be encouraged to meet with his or her direct manager and share the Commitment to Action Plan.
