turning teams of experts into expert teams

Make Great Choices: Open Your Mind to the Possibilities

Workshop Overview

In this workshop participants will engage in activities and discussion to better understand their personal style, define what success looks like, explore decision-making processes, and clarify / prioritize their next steps.

Participants will leave this workshop with:

- Personal Success Statement
- A List of Decisions You Need to Make
- A Structured Process for Making Well Thought-out Decisions

Surround Strategy

To ensure the workshop has lasting impact on job performance, we have designed our signature surround strategy as follows:

Pre-work

- In order to make the most of our workshop time, each participant will complete assigned work prior to the workshop.

In Class

- The workshop is very interactive, with practice activities for each section and skill. Personal Aha Moment and Commitment cards will be used throughout the workshop, and a final Commitment to Action Plan will be created at the end of class.

Post Workshop

- Each participant will have made action commitments to identify at least one behavior he or she will attempt to improve. Each participant will be encouraged to meet with his or her direct manager and share the Commitment to Action Plan.
