turning teams of experts into expert teams

## **Make the Most of Your Strengths: Put Your Best You Forward**

### **Workshop Overview**

Every leader has strengths and passions, but those strengths and passions are unique to that leader. In fact, according data from Gallup and StrengthFinders, statistics show there is only a one in 33-million chance that another leader has exactly the same strengths profile as you. In this workshop, we work with leaders to support their efforts of understanding their unique strengths and turning those strengths into a personal "Leadership Signature".

### **Surround Strategy**

To ensure the workshop has lasting impact on job performance, we have designed our signature surround strategy as follows:

#### **Pre-work**

- In order to make the most of our workshop time, each participant is asked to:
  - Complete an online assessment before coming to class (details to follow)
  - Send a list of your top five strengths to the workshop facilitator

#### **In Class**

- The workshop is very interactive, with practice activities for each section and skill. Personal Aha Moment and Commitment cards will be used throughout the workshop, and a final Commitment to Action Plan will be created at the end of class.

#### **Post Workshop**

- Each participant will have made action commitments to identify how to best use their strengths. Each participant will be encouraged to meet with his or her direct manager and share the Commitment to Action Plan.
